

Serial No.: 09/114,285

**REMARKS**

Applicants submit this Amendment to insert the required references to SEQ ID NOS of the substitute Sequence Listing filed concurrently herewith, to indicate the insertion point for the Sequence Listing, and to effect the necessary changes in pagination.

Applicants are amending the Sequence Listing to correct errors noted therein, in which SEQ ID NOS 45 and 177-158 of the previously filed Sequence Listing are being deleted because they were duplicates. In addition, SEQ ID NOS 24, 26, 28, 30, 32, 34, 36, 38, 61, 63, 65, 67, 82, 96, 98 and 108 of the substitute Sequence Listing have been amended to identify the signal and material peptides of each sequence. Finally, SEQ ID NOS 114-134 of the substitute Sequence Listing have been included because they were inadvertently omitted from the previously filed Sequence Listing. SEQ ID NOS 114-134 were originally disclosed on pages 17, 20, 29, 30 and 32 of the specification as filed. These corrections do not introduce any new matter and are fully supported by the as-filed application.

Applicants believe the present application is now in condition for allowance.

Respectfully submitted,
